eHERITAGE's Second Exploratory Meeting took place in Brasov, Romania at UTBv's laboratories, on the 11th of January, 2017

eHERITAGE's Second Exploratory Meeting took place at UTBv, Braşov, Romania, on the 11th of January, 2017. The attendants touched the most important activities which needed to be taken in order to complete the project KPIs. We set the preliminary talk regarding the organization of the Advanced Study Institute and of the Brokerage event, analyzed the tasks from the work plan which started in the second year of the project and last but not least, covered the ongoing transfer of knowledge between the project partners.

Based on the preparation of the exploratory meeting and on the ongoing discussions, participants were able to identify viable means of knowledge transfer and joint research opportunities, not to mention the large array of opportunities concerning short-term staff exchanges. The participants also had time to discuss the administrative details related to the venue and the schedule of the upcoming ASI event and the communication strategy for the following period of time.
