External stages at JSI and highlights of the Creative Summer School 2018

Between 2 and 23 August 2018, Octavian Machidon participated in a short staff exchange at the Jozef Stefan Institute in Ljubljana, Slovenia. There, he worked alongside Aleš Tavčar and Miha Mlakar, supervised by prof. Matjaž Gams. The main objectives of this staff exchange was to work on improving the existing infrastructure hosting the web applications and services supporting the natural language conversational agent providing information about European cultural heritage.

Several members from our staff were involved in the organization of the creatiVE Summer School 2018. Daniel Voinea attended this event as an invited speaker, whereas Postelnicu Cristian, Butila Eugen and Duguleană Mihai participated to the plenary sessions which were held between the 25th of June – 06 of July, 2018, at the premises of the University Ovidius from Constanța, Romania. This year's summer school aimed to illustrate a moment of the economic life of the Tomis fortress, by means of mixed 3D realities.
